Free Software Update for Ford®
ADS209 (MVP Pro and T-Code Pro) and ADS2209 (Smart Pro)

August 2018

Advanced Diagnostics is pleased to announce the release of a free update for ADS209 and ADS2209 software. The new update allows key programming in lost key situations while the alarm is active.

What does the software do?

ADS209 / ADS2209 software has been updated to include key programming for 20 Byte Ford® vehicles with lost keys and an active alarm system. The remote fob programming is performed automatically as part of the procedure when using ADS2209 or ADS209.
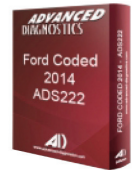

What else will I need?
